

FISCAL 2010 APPROPRIATIONS REQUESTS

\$1.5 million for Pennval Road Green Technology Incubator.

The entity to receive funding for this project is: Township of Woodbridge, One Main Street, Woodbridge, NJ 07095

The funding would be used to help to redevelop a brownfields site on Pennval Road and establish a Green Technology Incubator as a means of attracting economic development and encouraging job growth in the Township and the region.

\$1.8 million for City of Summit Regional Police and Emergency Management Interoperable Communication Network and Facility.

The entity to receive funding for this project is: City of Summit, 512 Springfield Avenue, Summit, NJ 07901

The funding would be used to design and build a state-of-the-art dispatch and emergency management operations center utilizing the most current radio, computer, internet and supplementary communications equipment, capable of providing a completely interoperable communications network capable of providing emergency services to a full-time population of at least 46,000 residents.

\$198,000 for Warren Township Police Department Communications Narrowbanding Upgrade.

The entity to receive funding for this project is: Township of Warren, 46 Mountain Boulevard, Warren, NJ 07059

The funding would be used to comply with FCC mandate requiring all private land mobile radio (PLMR) systems migrate from 25 kHz to 12.5 kHz bandwidth by 01/01/2013 and upgrade its communication system.

\$3.5 million for Woodbridge Interoperable Law Enforcement Trunked Digital Radio System.

The entity to receive funding for this project is: Township of Woodbridge, One Main Street, Woodbridge, NJ 07095

The funding would be used to replace the antiquated patchwork of over 40 year old radio systems with a UHF Trunked Digital Simulcast Radio Communications System that will allow for interoperable communications between Woodbridge police, firefighters, first response and municipal employees and add emergency response capabilities at the Township's 24 public school facilities.

\$23 million for Army Corps of Engineers for the Raritan River Basin, Green River Sub-Basin.

The entity to receive funding for this project is: John O'Connor, Project Manager, US Army Corps of Engineers, New York, NY 10278

The funding would be used for finalization of the Bound Brook section of the Raritan River, Green Brook Sub-Basin project.

\$1 million for Millstone River Basin Flood Damage Reduction and Ecosystem Restoration.

The entity to receive funding for this project is: U.S. Army Corps of Engineers, New York District, 26 Federal Plaza, New York, NY 10278

The funding would be used to continue the federally authorized feasibility study to develop flood damage reduction and ecosystem restoration alternatives in the Millstone River Basin.

\$1 million for Rahway River Basin Flood Damage Reduction and Ecosystem Restoration Study.

The entity to receive funding for this project is: U.S. Army Corps of Engineers, New York District, 26 Federal Plaza, New York, NY 10278

The funding would be used to continue the federally authorized feasibility study to develop flood damage reduction and ecosystem restoration alternatives in the Rahway River Basin.

\$1.053 million Energy Audit, Efficiency Improvements, and Renewable Energy Installations, Township of Branchburg.

The entity to receive funding for this project is: Township of Branchburg, 1077 Highway 202 North, Branchburg Township, NJ 08876

The funding would be used for engineering, construction and administrative costs for the design and installation of NJ Clean Energy Program – local government energy audit energy efficiency improvements and for the installation of Renewable Energy Installations (solar power) for major components of Branchburg Township Buildings and Grounds facilities.

\$180,000 for Cranford Municipal Building Energy Efficient Window Replacement Program.

The entity to receive funding for this project is: Township of Cranford, 8 Springfield Avenue, Cranford, NJ 07016

The funding would be used to reduce the energy costs of heating and air-conditioning the Municipal Building by replacing 45 old windows that were built in 1960 with energy efficient windows.

\$4.8 million plus-up for Tactical Metal Fabrication (TacFab).

The entity to receive funding for this project is: SeaBox, Inc., 450 Black Horse Lane, No. Brunswick, NJ 08902

The purpose of this program is to provide a containerized, mobile foundry to the U.S. Army, allowing deployed forces to produce spare and replacement parts in the field. This cuts the order time from weeks or months to 24 hours.

\$3.15 million plus-up for Conversion of Municipal Solid Waste to Renewable Diesel Fuel.

The entity to receive funding for this project is: Covanta Energy, 40 Lane Rd, Fairfield, NJ 07004

The purpose of this program is to convert military solid waste to diesel, resulting in >10% savings and stabilize the long-term cost of fuel. This conversion will also enable the military to exercise unprecedented control over raw material (waste feedstock) generation and supply.

\$3 million plus-up for Printed and Conformal Electronics for Military Applications.

The entity to receive funding for this project is: Henkel Corporation of Bridgewater (NJ), c/o FlexTech Alliance, 84 W. Santa Clara St., Suite 630, San Jose, CA 95113

The funding would be used to develop and manage a supply chain and prototype development program for printed and conformal electronics.

\$6 million plus-up for Secure, Miniaturized, Hybrid, Free Space, Optical Communications.

The entity to receive funding for this project is: LGS Innovations, 15 Vreeland Road, Florham Park, NJ 07932

The purpose of this program is to provide a fully operational secure, miniaturized, RF optics hybrid wireless communications system meeting the specific volume, weight, and power constraints required for secure, covert defense-related communication applications for the Department of Defense.

\$3.8 million plus-up for Planar Lightwave Circuit (PLC) Development for High Power Military Laser Applications.

The entity to receive funding for this project is: LGS Innovations, 15 Vreeland Road, Florham Park, NJ 07932

The purpose of this program is to meet the High-Energy Laser Joint Technology Office (HEL-JTO) need for revolutionary high power, high efficiency, electrically-driven laser technology that can be turned into a ruggedized system for use by all branches of the military.

\$3 million plus-up for Strattice Dermal Matrix Research.

The entity to receive funding for this project is: LifeCell Corporation, One Millennium Way, Branchburg, NJ 08876

The purpose of this program is to continue development of an off-the-shelf transplantable graft from porcine tissue for combat casualties with full-thickness burns and other skin and dermal deficits prior to their evacuation from the theater of operation.

\$4.5 million plus-up for Standard Ground Station - Enhancement Program.

The entity to receive funding for this project is: Sarnoff Corporation, 201 Washington Road, Princeton, NJ 08540-6449

The purpose of this program is to allow the Standard Ground Station (SGS) to be used in other locations outside of Iraq by developing methodologies that can be applied to, and deployed in, multiple terrains and topographies – coastal, mountainous, forested – to extend the SGS’s geographic primacy and protect Joint Warfighters as they prosecute the global war on terror.

\$550,000 for Union County Emergency Operation Center Enhancement.

The entity to receive funding for this project is: County of Union, One Elizabethtown Plaza, Elizabeth, NJ 07207

Funding for this project will enhance homeland security and emergency response capabilities in Union County (NJ) – called by terrorism experts, “the most dangerous two miles” in America due to its high concentration of population, chemical facilities, transportation hubs and underground pipelines. As such, this project request is an appropriate use of taxpayer funds.

\$225,000 for Miller Lane Pumping Station Generator Replacement.

The entity to receive funding for this project is: Township of Bedminster, One Miller Lane, Bedminster, NJ 07921

Funding for this project will allow the Township of Bedminster to replace its existing 33-year-old diesel-powered emergency generator with a new, more environmentally efficient natural gas generator for emergency management purposes. As such, this project request is an appropriate use of taxpayer funds.

\$150,000 for Power supply backup for the Borough of Glen Gardner.

The entity to receive funding for this project is: Borough of Glen Gardner, Post Office Box 307, Glen Gardner, NJ 08826

Funding for this project will allow the Borough of Glen Gardner to support its evacuation center by connecting portable generators to critical operating facilities in an emergency situation. The municipality would be able to continue operations with federal and state agencies on a timely basis with continuity. As such, this project request is an appropriate use of taxpayer funds.

\$4.7 million for Municipal Infrastructure Improvements, Borough of Watchung.

The entity to receive funding for this project is: Borough of Watchung, Engineering Department, 15 Mountain Boulevard, Watchung, NJ 07069

The funding would be used for sanitary sewer and roadway infrastructure improvements.

\$95,000 for Devon Lane Water Main Extension, Township of Branchburg.

The entity to receive funding for this project is: Township of Branchburg, 1077 Highway 202 North, Branchburg, NJ 08876

The funding would be used for a new potable water system at Devon Lane where privately owned wells have experienced contamination.

\$250,000 for Glen Crest Area Sanitary Sewer Extension, Branchburg.

The entity to receive funding for this project is: Township of Branchburg, 1077 Highway 202 North, Branchburg Township, NJ 08876

The funding would be used for the extension of sewer service to the Glen Crest area of Branchburg Township, NJ.

\$350,000 for Stony Brook Area Sanitary Sewer Extension – Phase I, Township of Branchburg.

The entity to receive funding for this project is: Township of Branchburg, 1077 Highway 202 North, Branchburg Township, NJ 08876

The funding would be used for the extension of sewer service to the Stony Brook Area Phase I.

\$600,000 for Railroad Ave./Main St., Califon – Stream Corridor Improvements.

The entity to receive funding for this project is: Borough of Califon, 39 Academy Street, Califon, NJ 07830

The funding would be used for reconstruction of the storm water conveyance system to reduce flooding, meet storm water management standards, and to enhance storm water quality.

\$640,000 for Dike Improvements along Riverside Drive, Township of Cranford.

The entity to receive funding for this project is: Township of Cranford, 8 Springfield Avenue, Cranford, NJ 07016

The funding would be used for the reconstruction of approximately 3,500 linear feet of existing dike. This includes re-grading and top of dike to original design grade, and re-establishing side slope with 250 CY of clayey fill and 48,847 SF of “grasstone” concrete grid (a concrete honey-combed armoring), replacement and placement of 3547 LF of curb (used as retaining side slopes of dike), and 27,300 SF of topsoil, mulch & hydro-seeding.

\$896,400 for Downtown Streetscape Lighting Upgrade to Energy Efficient Lighting, Township of Cranford.

The entity to receive funding for this project is: Township of Cranford, 8 Springfield Avenue, Cranford, NJ 07016

The funding would be used to reduce electrical costs up to one third of what we are paying now by replacing 360 Township-owned street light fixtures, each with a new light source, optical assembly, globe and globe frame.

\$132,000 for Rahway River De-silting, Township of Cranford.

The entity to receive funding for this project is: Township of Cranford, 8 Springfield Avenue, Cranford, NJ 07016

The funding would be used to reduce the riverbank soil erosion along the westerly banks that abut residential homes.

\$907,500 for Sanitary Sewer Lining and Main Replacement along Rahway River, Township of Cranford.

The entity to receive funding for this project is: Township of Cranford, 8 Springfield Avenue, Cranford, NJ 07016

The funding would be used to reduce inflow infiltration into Rahway River through elimination of 1200 linear feet of old 15" sanitary sewer main along Rahway River, lining 1,200 linear feet of 8" pipe, lining 100 vertical feet of manhole, and removing four storm water sanitary sewer cross connections.

\$2.52 million for N/E Stormwater Management Phase 2B Pump Station Main, Cranford.

The entity to receive funding for this project is: Township of Cranford, 8 Springfield Avenue, Cranford, NJ 07016

The funding would be used for construction of 3,000 linear feet of storm water piping systems to collect storm water into the new 5.3 million dollar pumping station.

\$800,000 for Water Supply New Well, Glen Gardner Borough.

The entity to receive funding for this project is: Borough of Glen Gardner, PO Box 307, Glen Gardner, NJ 08826

The funding would be used to back-up with the possibility of supporting current water supply system and in case of emergency support, interconnected system with a neighboring municipality.

\$185,000 for Catch Basin Cleaner for Green Brook Township.

The entity to receive funding for this project is: Township of Green Brook, 111 Greenbrook Road, Green Brook, NJ 08812

The funding would be used for the purchase of a truck-mounted catch basin cleaner for the township to comply with the requirements of the Federal Clean Water Act and the State of NJ PDES storm water permit.

\$5 million for Lake Solitude Dam/Hydro Power Generation Plant, Borough of High Bridge.

The entity to receive funding for this project is: Borough of High Bridge, 71 Main Street, High Bridge, NJ 08829

The funding would be used to develop a hydro electric generation plant in conjunction with a NJ Department of Environmental Protection mandated High Hazard Dam remediation project.

\$7.5 million for Municipal Building Improvements, Borough of Kenilworth.

The entity to receive funding for this project is: Borough of Kenilworth, 567 Boulevard, Kenilworth, NJ 07033

The funding would be used to construct a new court house, a new police building along with renovations to the existing municipal building.

\$2.3 million for Municipal Building Renovations, Borough of Lebanon.

The entity to receive funding for this project is: Borough of Lebanon, 6 High Street, Lebanon, NJ 08833

The funding would be used to enhance building for long term functionality, remediate ADA deficiencies, enhance energy efficiency and implement seniors meeting room.

\$150,000 for Sanitary Sewerline, Montgomery Township.

The entity to receive funding for this project is: Township of Montgomery, 2261 Rt. 206, Belle Mead, NJ 08558

The funding would be used to construct 550 linear feet of sanitary sewerage to connect 5 businesses, located at the township's busiest intersection, to the public sanitary sewage system.

\$363,000 for Water & Electric Utilities Connections, Village Elementary School, Montgomery Township.

The entity to receive funding for this project is: Township of Montgomery, 2261 Rte. 206, Belle Mead, NJ 08558

The funding would be used to construct 2760 linear feet of underground electrical service and water service for the Village Elementary School.

\$245,000 for Storm Water Inlet Upgrade, New Providence.

The entity to receive funding for this project is: Borough of New Providence, 360 Elkwood Avenue, New Providence, NJ 07974

The funding would be used for the upgrading of storm water inlets to meet storm water regulations.

\$3.345 million for Municipal Infrastructure Improvements, Borough of South Bound Brook.

The entity to receive funding for this project is: Borough of South Bound Brook, Engineering Department, 12 Main Street, South Bound Brook, NJ 08880

The funding would be used for Canal Road Sanitary Sewer Replacement; Construction of a DPW Garage; Construction of Police Station; Construction of Municipal Building; and, Resurfacing of Various Streets.

\$2.75 million for Irvington Branch of Lightning Brook Retaining Wall Replacement, Township of Union.

The entity to receive funding for this project is: Township of Union, 1976 Morris Avenue, Union, NJ 07083

The funding would be used for the costs related to the design, permits, land acquisition, demolition, construction and contract administration, and inspection for 2,700 lineal feet of retaining wall replacement for stabilization and rehabilitation of the eroding banks of the Irvington Branch of Lightning Brook.

\$225,000 for Hunterdon Family Dental Center.

The entity to receive funding for this project is: Zufall Health Center, 17 S. Warren Street, Dover, NJ 07801

The funding would be used for renovation and equipment for a new dental center in Flemington, Hunterdon County.

\$2.5 million for Atlantic Health's Neuroscience and Stroke Network Resources Support and Telemedicine Initiative.

The entity to receive funding for this project is: Overlook Hospital, 99 Beauvoir Avenue, Summit, NJ 07902

The funding would be used for additional tele-stroke services at 4 new partner hospitals, as well as funds for construction of a new heli-pad that is made necessary by the increased patient volume.

\$500,000 for Renovations to Children’s Specialized Hospital (CSH) Mountainside Facility.

The entity to receive funding for this project is: Children’s Specialized Hospital, 150 New Providence Road, Mountainside, NJ 07092

The funding would be used to renovate its Mountainside campus to create an improved and refurbished environment for CSH’s 42 long-term care beds, and to allow for further growth.

\$750,000 for Family Promise Capacity Building Project.

The entity to receive funding for this project is: Family Promise, Inc., 71 Summit Avenue, Summit, NJ 07901

The funding would be used to help homeless New Jersey families secure homes and jobs, avert homelessness, and create the collective capacity to serve additional low-income families each year.

\$550,000 for Hunterdon Medical Center Cardiac PACS (Picture Archiving Communication System).

The entity to receive funding for this project is: Hunterdon Medical Center, 2100 Wescott Drive, Flemington, NJ 08822

The funding would be used to acquire and implement a Picture Archiving Communication System (PACS) for the Cardiology Department at Hunterdon Medical Center (HMC) to improve patient care, ensure accuracy, increase patient optimization and operate more efficiently.

\$300,000 for Community Innovations for Aging in Place.

The entity to receive funding for this project is: Jewish Family Service of Central New Jersey, 655 Westfield Avenue, Elizabeth, NJ 07208

The funding would be used to support a range of social, physical, spiritual, recreational, health, wellness and housing needs for older adults in targeted communities by increasing access to information, resources, supportive services and civic engagement opportunities.

\$225,000 for Aging-In-Place Services Project.

The entity to receive funding for this project is: Jewish Family Service of Somerset, Hunterdon and Warren Counties, 150 West High Street, Somerville, NJ 08876

The funding would be used for the delivery of health and supportive services cost-effectively; increased service availability; cooperative health promotion, crises prevention, and community improvement; and the development of new human, financial, and neighborhood resources for the benefit of the increasing number of older adults who are aging-in-place.

\$94,000 for TBI Lab Equipment.

The entity to receive funding for this project is: Henry J. Kessler Foundation, 300 Executive Drive #150, West Orange, NJ 07052

The funding would be used for equipment and software that will increase the efficiency of the foundation's Traumatic Brain Injury (TBI) Lab which examines the medical, rehabilitation, cognitive and functional problems associated with acquired brain injury and related clinical populations.

\$312,000 for Somerset Hills Cultural Tolerance Education Initiative.

The entity to receive funding for this project is: Somerset Hills School District, 25 Olcott Avenue, Bernardsville, NJ 07924

The funding would be used to implement a comprehensive Cultural Tolerance Education Initiative to increase students' understanding of various world societies and their traditions, customs and way of life in an effort to broaden their understanding of international politics and religion.

\$1.075 million for A Green Workforce Service for Union County and an Engineering, Associate of Science Degree with Green Technologies option.

The entity to receive funding for this project is: Union County College (UCC), 1033 Springfield Avenue, Cranford, NJ 07106

The funding would be used to 1) create a two-year "Green Workforce Service" for Union County which will support the creation of green jobs, and 2) develop a Green Technology option to the Engineering, Associate in Science degree program.

\$5 million for Route 27 and Wood Avenue Roadway Congestion and Pedestrian Safety Improvements, Woodbridge.

The entity to receive funding for this project is: Township of Woodbridge, One Main Street, Woodbridge, NJ 07095

The funding would be used to address the serious vehicle congestion and pedestrian safety issues associated with the area along Route 27 in the vicinity of Wood Avenue adjacent to Metropark in Woodbridge, NJ.

\$525,000 for Resurfacing of Black River Road – South, Township of Bedminster.

The entity to receive funding for this project is: Township of Bedminster, One Miller Lane, Bedminster, NJ 07921

The funding would be used for resurfacing of a portion Black River Road.

\$350,000 for Hike and Bike Path, Bedminster Township.

The entity to receive funding for this project is: Township of Bedminster, One Miller Lane, Bedminster, NJ 07921

The funding would be used to construct approximately 3,600 LF of hike and bike path.

\$235,000 for Valley Station Road Reconstruction, Bethlehem Township.

The entity to receive funding for this project is: Township of Bethlehem, 405 Mine Road, Asbury, NJ 08802

The funding would be used for repair and reconstruction of 47 miles of municipal roads.

\$300,000 for Improvements to Robbins, Huyler and Henry Roads, Branchburg.

The entity to receive funding for this project is: Township of Branchburg, 1077 Highway 202 North, Branchburg, NJ 08876

The funding would be used for installation of a properly designed drainage system, reconstruction of the roadway by addressing the irregular horizontal, vertical and lane width geometry, and the removal and replacement of poor sub-grade.

\$110,000 for Pavement Resurfacing Main St., Califon.

The entity to receive funding for this project is: Borough of Califon, 39 Academy Street, Califon, NJ 07830

The funding would be used to repave and resurface Main St. in Califon, NJ.

\$150,000 for Railroad Avenue (West) – Roadway Acceptance Improvements, Borough of Califon.

The entity to receive funding for this project is: Borough of Califon, 39 Academy St., Califon, NJ 07830

The funding would be used for roadway reconstruction and drainage improvements required for conformance with normal acceptance standards.

\$470,000 for Affordable Housing Site Preparation, Township of Clinton.

The entity to receive funding for this project is: Township of Clinton, 1225 Rt. 31, Lebanon, NJ 08833

The funding would be used to prepare sites for construction of affordable units in Clinton Township, NJ.

\$1.29 million for Reformatory Road and Lilac Drive Repaving, Township of Clinton.

The entity to receive funding for this project is: Township of Clinton, 1225 Rt. 31, Lebanon, NJ 08833

The funding would be used for repavement of Reformatory Road and Lilac Drive.

\$968,000 for Roadway Resurfacing and Repair, Cranford.

The entity to receive funding for this project is: Township of Cranford, 8 Springfield Avenue, Cranford, NJ 07016

The funding would be used for resurfacing of six residential streets (approximately 1.3 miles of roadway), reconstruction of a portion of Eastman Avenue to provide for eight parking stall in front of the Post Office, and to reconstruct the intersection at Forest and Hamilton, including roadway, curb and sidewalk within a one block area of the intersection.

\$70,000 for Millstone Borough Sidewalk Construction.

The entity to receive funding for this project is: Borough of Millstone, 1535 Main Street, Millstone, NJ 08844

The funding would be used to construct sidewalks and provide for better pedestrian safety.

\$250,000 for Pedestrian Safety Upgrades, Township of Montgomery.

The entity to receive funding for this project is: Township of Montgomery, 2261 Rte. 206, Belle Mead, NJ 08558

The funding would be used to construct much needed pedestrian linkages between and among schools and other public facilities.

\$340,000 for Safe Streets to Schools, North Plainfield.

The entity to receive funding for this project is: Borough of North Plainfield, 263 Somerset Street, North Plainfield, NJ 07060

The funding would be used to fund repairs for streets (1) where most of the students walk to school and (2) where there is a high amount of vehicular traffic.

\$350,000 for Downtown Streetscape and Pedestrian Improvements (Final Phase), North Plainfield.

The entity to receive funding for this project is: Borough of North Plainfield, 263 Somerset Street, North Plainfield, NJ 07060

The funding would be used to complete streetscape and pedestrian improvements in the downtown business district of North Plainfield existing design, which were first begun in 1998.

\$500,000 for Sidewalk Construction, Borough of Peapack and Gladstone.

The entity to receive funding for this project is: Borough of Peapack and Gladstone, One School Street, Peapack, NJ 07977

The funding would be used for construction of new sidewalks.

\$3 million for Route 22 Sustainable Corridor Project.

The entity to receive funding for this project is: Somerset County Business Partnership, 360 Grove Street, Bridgewater, NJ 08807

The funding would be used to relieve current and projected traffic congestion, improve vehicular and pedestrian safety, and integrate access to mass transit in one of the fastest growing regions of New Jersey.

\$355,000 for Bartle's Site Development, Tewksbury Township.

The entity to receive funding for this project is: Township of Tewksbury, 169 Old Turnpike Road, Califon, NJ 07830

The funding would be used to improve sight distance and traffic safety at the township's affordable housing site and to repair and construct sidewalks and infrastructure on site.

\$725,000 for Centennial Avenue Corridor Project – Cranford.

The entity to receive funding for this project is: County of Union, One Elizabethtown Plaza, Elizabeth, NJ 07207

The funding would be used to upgrade 3 existing traffic signal systems and upgrade a problematic intersection near a major elementary school in the Township of Cranford.

\$250,000 for Locust Drive Bridge Replacement – Summit.

The entity to receive funding for this project is: County of Union, One Elizabethtown Plaza, Elizabeth, NJ 07207

The funding would be used for the replacement of Su105, the Locust Drive Bridge, over stream 3-15 (the Salt Brook).

\$100,000 for Route 28 Corridor Safety Study -- Westfield.

The entity to receive funding for this project is: County of Union, One Elizabethtown Plaza, Elizabeth, NJ 07207

The funding would be used to study pedestrian, bicycle and vehicular safety along the Route 28 Corridor in the towns of Fanwood, Westfield and Garwood to summarize existing conditions and safety concerns along a corridor that has seen a total of five pedestrian fatalities in the past ten years.

\$1 million for Irvington Branch of Lightning Brook Retaining Wall Replacement.

The entity to receive funding for this project is: Township of Union, 1976 Morris Avenue, Union, NJ 07083

The funding would be used for the costs related to the design, permits, land acquisition, demolition, construction and contract administration, and inspection for 2,700 lineal feet of retaining wall replacement for stabilization and rehabilitation of the eroding banks of the Irvington Branch of Lightning Brook.
